

ELLUDE™ Aesthetic Coating

Can be applied to all NiTi and stainless steel wires sold by Ortho Classic.

Never Cracks, Peels or Fragments

Clinically Proven

Never Discolors from Food

Anti-bacterial

Out-performs PCA Ceramics in both strength and low-friction tests

Works well with all our aesthetic brackets including:

Using innovative nanotechnology, the Ellude™ Aesthetic Coating is fused directly onto the wire. This process assures the wire will hold its color and durability against the toughest of conditions while also preventing bacteria from sticking to the wire.

STAINLESS STEEL
